

ALL-IN-ONE ECO-CONCEPT

All-in-one Energy Storage System 5kW

With the most practical functions, remote diagnosis & upgrade and plug & play connectors, this hybrid inverter helps you economize on the time-consuming installations and maintenance with minimized efforts. Its compact design saves your space, while its slim appearance fits your house aesthetics. In addition, this hybrid inverter can be installed as a pure solar inverter now, and retrofit storage later with the lead-acid battery (Split Application) or our lithium battery (All-in-one Application) and can be easily expanded at any time.

Features

- Easy local & remote control
- Smart and easy operation
- Flexible and easy to expansion
- Smart battery management function

Elegant Modular and Unified Design

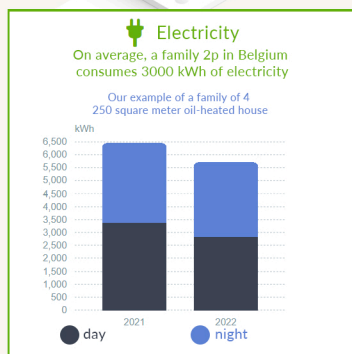

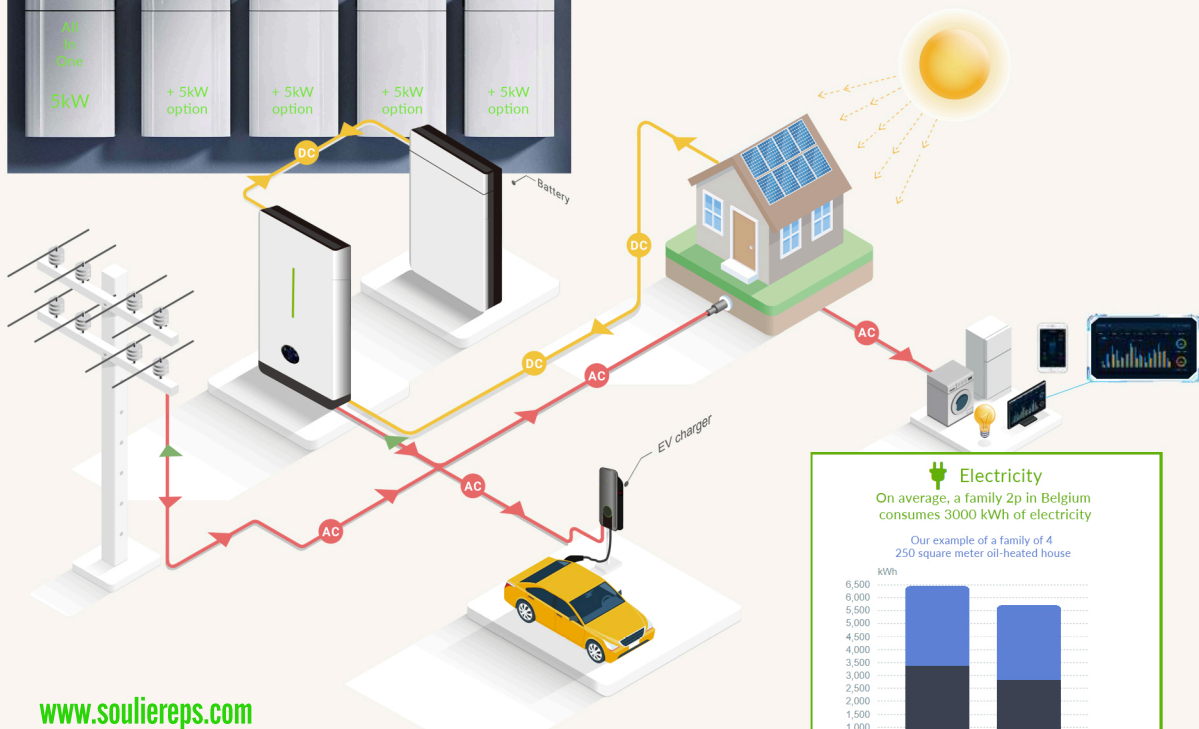

Flexible Storage Capacity up to 25 kWh

Export Control and Time-of-use Shifting

Maximized Self-consumption
